Yeah from what I understand, in Alton at the mental health facility, she was diagnosed with some type of schizophrenia, but didn't agree to any kind of treatment, so was sent back to LaSalle County jail, and bailed out by Bev Schneider....

Thanks for your assistance in keeping track of this situation.

Anyone know about a gas chamber at the LaSalle county jail where they poison people through the vents and add poisons to their foods like acid water? I had an experience there where they tried to poison me and kill me, for their friends apparently who had paid them off to do away with me so they could get away with their crimes to my child. I need some serious help with this. Acid burns still on my tongue. Message me if you can help.

The Peru Police wont stop raping my kid. I need help prosecuting them. Who wants to help me gather evidence of this? thanks. Any other things you know that can help, please text it to me. They are fucking pieces of shit and deserve to die and rot in hell. Please help save my girl from their grasp. They are doing away with her like a piece of trash or something, not knowing or caring how she turns out. Her Dad doesn't stand up for her. She needs her Mom, but the authorities won't let her have that because they want to rape her and conspired with an attorney to arrange this set up where they are driving down to the fathers to have sex with her, sometimes multiple times a day, all out gang raping her in the summer, according to some of the locals who viewed the police traffic at the fathers house. He doesn't have the heart to stand up for her and tell them no, and so he gets walked all over. Any one who wants to rape his child, can, according to him because he cant physically say no. He told me its because then he would feel mean. Well his brain is rotting and he has schizophrenia in the family. He needs mental help. Anyone who has evidence of this guys cookiness needs to come forward to help me now before its too late. My daughter needs help. She needs out of there. Wont you please help me save her and give her a normal life again. Please collect evidence and sit down there with cameras if you have to. He is a fucking piece of shit. Anything you can do to help at this time would be greatly appreciated. Thanks. Sincerely, a concerned Mom

Anyone who can spy on Kevin Kramer for me. Bring a camera over to his place one night and record him allowing people to have sex with his child. He's fucked up in the head and cant say no. The police are always going over there. All you have to do is sit outside one night and watch for yourself. Collect the evidence and bring it to my house please and thank you very much. I'm lost without my little girl and can't stand to see her going through all this kind of stuff. If you could please help me get her back I'd appreciate it. I need pictures taken of this stuff. Let me know if you can help.

I hate knowing the police are going over to Kevin kramers and fucking my child in the middle of the night. Doug Bernabeis orders. They are so disrespectful. They can't even let a child sleep. I feel so connected to my daughter that I feel violated. I want them to stop doing this to her. Can someone please help?
